PROFESSIONAL SUMMARY

Full Stack Developer with 3 years of experience building and scaling enterprise SaaS products end to end. Strong in Java / Spring Boot backend engineering and Oracle PL/SQL, with front-end delivery in Angular and React. Revamped a payroll engine processing 35,000 employees from 6–8 hours to under 10 minutes, deployed the platform on-site for an international client in Jordan, and earned the company Extra Mile Excellence Award three times.

WORK EXPERIENCE

Classic Technologies and Business Solutions (CTeBS)

Kochi, Kerala

Specialist, Product Development

Jan 2026 – Present

Graduate Specialist, Product Development

Jun 2023 – Jan 2026

Supporting Trendz People — an enterprise HCM & payroll platform running payroll for 35,000+ employees across clients in the Gulf and Jordan.

- **Revamped the payroll engine end to end**, cutting run time for a 35,000-employee payroll from 6–8 hours to under 10 minutes using AI-assisted development — a >95% reduction.
- **Deployed on-site at Classic Fashion Apparel Industry Ltd. Co., Jordan** (Nov 2025 – Mar 2026), supporting the successful implementation and go-live of the Trendz People payroll module for the client's workforce.
- **Built anomaly-verification routines** that automatically detect anomalies in HR data corrections before they propagate into payroll, reducing manual review and payroll errors.
- **Delivered full-stack modules end to end** — Angular front-end, Spring Boot REST APIs, and Oracle backend — including the Air Ticket, Travel Request, and Visa modules with eligibility engines, PO generation, and bulk upload.
- **Built cross-platform mobile apps with Flutter** — an employee-facing Trendz People app and a Trendz Warehouse app for warehouse management.
- **Engineered core Oracle PL/SQL packages** across HCM, Payroll, Leave, and Attendance modules, and built enterprise reporting with JasperReports — payslips, attendance audits, and payroll summaries.
- **Designed and implemented core ERP modules** — a reusable UI component library adopted across the suite, and finance modules delivered end to end — before moving to the Trendz People HCM & payroll product.

AWARDS & RECOGNITION

- **Extra Mile Excellence Award — CTeBS (×3)**: awarded in Q1 2025, Q3 2025, and Q1 2026 for exceptional delivery and impact on the Trendz People platform.

INTERNSHIPS

Full Stack Developer Intern — Lascade

Aug – Sep 2022

- Built Shopify apps with Next.js, React, and Node.js.

Full Stack Developer Intern — FLEG

Jun 2022 – May 2023

- Developed an E-Journal platform for N. R. Madhava Menon ICREP, CUSAT using Next.js, Node.js, React, TailwindCSS, and PostgreSQL.

SELECTED PROJECTS

- **BOTZ — Chatbot Builder**: web interface to build and integrate chatbots (Next.js, TailwindCSS, Python, TensorFlow).
- **Vyapar Dashboard**: report-management dashboard built on the MERN stack.

TECHNICAL SKILLS

Languages Java, JavaScript / TypeScript, Python, PL/SQL, SQL, C / C++

Backend Spring Boot, Node.js, REST APIs, Oracle, SQL Server, PostgreSQL, MongoDB, Redis

Frontend & Mobile Angular, React, Next.js, Flutter, HTML, CSS, TailwindCSS

Concepts & Tools Multithreading & concurrency, data structures & algorithms, JasperReports, Git, AI-assisted development

EDUCATION

B.Tech, Computer Science — Cochin University of Science and Technology (CUSAT)

2019 – 2023

CGPA: 8.34 / 10 · No backlogs

CERTIFICATIONS & LANGUAGES
